British Learning Trains 250 Healthcare Workers In 9 African Countries Jointly With Rotary International

Health
July 5, 2024 Admin Leave A Comment

New Delhi (India), July 5: British Learning.UK one of the Leading Education Companies in the World recently completed training 250 Health Care Workers in African Countries. British Learning is trusted by students in 35+ Countries for over 25 years. As a part of its CSR efforts for African Countries British Learning.UK offered the Health Care Workers in these 9 Countries, a comprehensive Post Graduate Diploma in Nutrition absolutely free. The 250 Health Care Workers were from Nigeria, Kenya, Ghana, Egypt, Liberia, Botswana, Algeria, Zambia and Tanzania. The total cost of the courses offered completely free of cost by British Learning.UK was GBP 50,000/-

This Social initiative was jointly carried out by one of the biggest NGO's in the world Rotary International. Rotary International is trusted by the Bill and Melinda Gates Foundation for its Social Initiatives. Rotary International has worked tirelessly to End Polio in the World.

British Learning.UK was actively supported by Rotary District 3141 from India and Rotary District 9141 from Nigeria. Senior Rotary Leaders from ROTA (Rotary in Africa) also helped to ensure that genuine beneficiaries in Africa take advantage of this Social Initiative.

Teachers get lesson in helping kids deal with post-Covid pandemic trauma, mental issues

Mohammed Wajihuddin / Mumbai Mirror / Jan 29, 2023, 10:10 IST

Over two years of the pandemic has badly affected the mental health of several students. Many lost their parents or witnessed the deaths of close relatives due to Covid. Remaining confined to their homes and learning online for two years too left many kids depressed and traumatic. Helping such kids to cope with post-traum ... [Read More](#)

The course is conducted by Rotary Club of Mumbai in association with British Learning

MUMBAI: Over two years of the pandemic has badly affected the mental health of several students. Many lost their parents or witnessed the deaths of close relatives due to Covid. Remaining confined to their homes and learning online for two years too left many kids depressed and traumatic. Helping such kids to cope with post-traumatic stress disorder (PTSD) and bringing them out of shock and pain is key and teachers could play a critical role in identifying, counselling and helping such children.
